5 points for each MAYBE answer

0 points for each NO answer

WOMBIENESS QUOTIENT RATING

To calculate your Wombiness Quotient Rating (WQR), multiply your age by 3. This is your Wombie Age Adjustment Equalizer (WAAE). Add up your total score and add that to your WAAE. Multiply the result by the Binky Factor (0.167). Subtract half your age. Double the answer, then divide by 1/3. This is your final rating.

100 or more

You're definitely a Wombie. And you're extremely talented and good-looking, too.

70-100

You're probably a Wombie, and most likely the envy of your friends and relatives.

40-70

Even though you may not be a Wombie, you're still a nice person.

Less than 40

Best not tell anyone about this. Not even your mother.
